REPORT ON THESIS DEFENCE

Sohail Ali Khan has successfully defended his M.Phil. Thesis in the field of Microbiology at the defense held in Abasyn University, Peshawar Campus, and qualified for the award of M.Phil. Degree.

He did his research on **“Synthesis and Characterization of nanoparticles using Actinomycetes and its Evaluation for Antimicrobial Potential”** under the supervision of Dr. Rafiullah, Assistant Professor, Abasyn University Peshawar Campus. Dr. Hamid Khan (Assistant Professor, Sarhad University of Information Technology, Peshawar) served as his external examiner and Dr. Hayat Khan (Assistant Professor, Microbiology and Biotechnology Department, Abasyn University) served as internal examiner for the evaluation of his thesis.

The defence was attended by a large number of faculty members and the students.

Head department of Microbiology and Biotechnology

Mr. Shabeer Ahmad: _____
